

## FRCC Training Requirements for Certification

1. **Users** – must go through a formal training where they learn at least the Standard Landscape Method from a certified trainer or the web-based/CD training.
2. **Trainers** – must go to a train-the-trainers workshop put on by members of the working group.

### For Trainers putting on an FRCC training:

#### FRCC Coordinator needs

- If you hold an FRCC training that teaches the user how to use **at least** the Standard Landscape Method, please send the following information to the FRCC helpdesk at [helpdesk@frcc.gov](mailto:helpdesk@frcc.gov):
  1. Date and Location of Training
  2. Name of Trainer
  3. Name, address, phone, email, job title and agency of Participants

This information will allow us to keep an up-to-date database on all certified users and trainers. Once I receive these lists I will mail out a certificate, subscribe them to the FRCC announcement listserve and invite them to join the Users list.
